

Art and Design

The purpose of [Art and Design](#) at Hollin Primary is to encourage some of the highest forms of pupil creativity. We plan authentic connections from one subject to another so that it supports the learning in other areas of the curriculum, particularly humanities. Our aim is to develop our pupils' skills and knowledge, as well as exposing them to high quality art and design. Each child at Hollin have their own sketchbook, which moves with them throughout the school. This provides them with concrete evidence of their skills development and builds confidence to tackle more demanding work.
