

Safer Internet Day 2023

To celebrate Safer Internet Day, our Digital Leaders led a whole school assembly.

We want our children to talk about what they do online, but also know what to do if they see something that upsets or worries them.

For each class, our Digital Leaders found activities that children could do to talk more about being online.

They performed a fabulous superhero scene, for our online safety code that is...**Zip it, Block it, Flag it!**

Ask your child to explain to you what Zip it, Block it, Flag it means.
