Dear parents and carers,

Covid-19 Update

As it stands, we currently have a number of positive cases in school (staff and children). The number of cases, is the most we've experienced as a school.

We also have a number of parents, children and wider family members, who are testing positive on lateral flow tests.

School continues to have measures in place to mitigate the risks.

Covid-19 cases in Rochdale have slightly reduced but cases in school aged children are still quite high and risk of further transmission remains a concern.

If anyone in your household tests positive on a lateral flow test, or a PCR, and you are unsure what to do, school is always in a position to provide advice.
