Monday 13<sup>th</sup> December 2021

Dear Parents and Carers of Year 4M children,

I have received information that your child has been in contact with a positive case of Covid-19. It is possible that it is the Omicron variant.

Public Health, have advised the following:

**The children, and staff, of the class are required to take a daily Lateral Flow Test before coming into school.**

I appreciate this is inconvenient, but I need to take this very seriously and I require your support.

**All children need to come into school with a parent/carer, who will help to administer a Lateral Flow Test for their own child.**

Children who attend Breakfast Club, should come to the front of school and should administer the Lateral Flow Test in the Community Room. On the return of a negative test, children will be allowed to go into Breakfast Club.

Children who do not attend Breakfast Club, should come to the hall doors from 8:50am, with a parent/carer, who will help to administer a Lateral Flow Test for their own child. On the return of a negative test, children will be allowed to go into the classroom.

We appreciate that this is not convenient. However, I am absolutely determined to follow Public Health advice in order to keep your child, staff and the school community, safe.

Thank you for your continued support,

Mr David Fenton  
Headteacher
