

What children say

Science

Making a volcano in
Year 3.

Year 4

The woodlice
experiment where we
had to find out which
habitat a woodlice
preferred.

Year 4

We dissected a plant in
science.

Year 5

Science week was the
best! We completed
lots of experiments
and received a
certificate and badge.

Year 6

We loved visiting
Jodrell Bank when we
were in Year 5.

Year 6

Polar bears have
adapted to living in cold
climates. They have
thick fur and lots of fat
to keep them warm.

Year 6
