The School's Vision for the Future

- At Hollin Primary School, our aim is to ensure that all of our pupils develop into confident learners who are proud of their achievements and are well prepared for a successful life.
- On their journey throughout school, Hollin children will encounter a range of memorable moments, inspirational opportunities and rich learning experiences. We will lay the foundations for all of our pupils' lives by giving them a positive, rich and inspiring school experience. It will be characterised by a broad and balanced Creative Curriculum, with high standards of English and Maths.
- Our Creative Curriculum, including a range of extra-curricular activities, will include a number of opportunities to learn outside of the classroom: both in the local and wider environment. Inspirational visits outside of school and knowledgeable visitors coming in to school will enrich teaching and learning.
- Regardless of their barriers to learning, we will ensure that we work in partnership with other agencies and partners to ensure that every child in our school achieves the very best that they can.
- Safeguarding our pupils will have the highest priority and we will ensure that all statutory requirements for protecting children are firmly in place.
- British Values will also be actively promoted, with pupils being encouraged to regard people of all faiths, races and cultures with respect and tolerance.
